*And the Lord answered me, "Write the vision, make it plain on tablets, so he may run who reads it."
-Habakkuk 2:2 (NLT)*

Greetings Visionary:

I'm delighted you're taking the first step toward charting your path of success! This journey will not be easy, but I promise it will be worth it. This visionary strategic action plan will help you make your vision come to fruition! Writing your vision is a three-step process:

- 1) **See It**- This visionary plan will allow you to see your vision on paper. Be specific. It should align with your vision board!
- 2) **Believe It**- Believe you possess the skills to achieve the goals you are setting for yourself.
- 3) **Achieve It**- This step requires ACTION! Review your visionary plan monthly or quarterly to make sure you are on track. If you suffer from procrastination, like myself, get an accountability partner! Trust me, it helps when you have someone who will hold you accountable.

Whether your goals are in the areas of health, wealth, relationships, career, or spirituality, utilize this plan as a blueprint to building a solid foundation for your future. **YOU CAN DO THIS!** Will it be challenging? Yes. Will you want to quit? Absolutely. Get out of your own way. What's the worst that can happen? You fail? Well I have news for you, success is the formal attire of failure!

NOW GET TO WORK!!!!

Vision Statement

Vision

The ability to think about or plan the future with imagination or wisdom; a mental image of what the future will or could be like.

Think beyond your circumstance. Close your eyes and envision the life you desire to have. What does it look like? What are you doing? Who are you helping? What have you achieved? Write your vision statement below.

Mission Statement

Mission

A strongly felt aim, ambition, or calling.

What is that one thing that you have been meaning to do, but keep putting on the back burner? What do you love doing that helps others? Share your gift with the world. Write your mission statement below.

“Be S.M.A.R.T About It”

The S.M.A.R.T goal and objective concept was developed by George Duran. The S.M.A.R.T. model helped managers develop concrete goals, and objectives for organizations. Just like organizations have goals, so do you! So let’s be S.M.A.R.T. about it, and create a strategic action plan for success.

What does the S.M.A.R.T. acronym mean?

Specific – Targets a specific area

Measurable - What evidence shows that the goal was achieved? How often will you complete tasks associated with the goal?

Attainable - Asses if you have the knowledge, skills, and abilities to achieve the goal.

Relevant - Does the goal align with your overall vision for health, wealth, education, college plans, career plan, relationships, etc.

Time bound – A time frame or deadline for the goal to be achieved.

Example:

Create and publish first edition of Write The Vision Day Planner by December 31.

Specific: Write The Vision Day Planner

Measurable: If the planner is created and published by December 31.

Attainable: I don’t have the knowledge or skills. I will review wholesale websites for price per unit, research other day planner businesses, create a planner template, and have 6 people review product before distribution.

Relevant: This planner aligns with my vision to help others strategically plan for their future and track their progress.

Time-bound: December 31

Now your it’s your turn.

GOAL #1:

What steps do you need to take to achieve this goal?

GOAL #2:

What steps do you need to take to achieve this goal?

GOAL #3:

What steps do you need to take to achieve this goal?

GOAL #4:

What steps do you need to take to achieve this goal?

GOAL #5:

What steps do you need to take to achieve this goal?

S.W.O.T. Analysis

Now in order for you to get where you are going, you need to assess where you are! We are going to examine four areas:

- 1) **Strengths** – A good or beneficial quality or attribute of a person. What you are good at? (i.e. organization, budgeting, photography, social media, giving advice to friends, study habits, encouraging people).
- 2) **Weakness** – Areas you feel you need to improve (i.e. receiving constructive criticism, asking for help, discipline, procrastination, laziness, self-control, being consistent)
- 3) **Opportunities** – Identify opportunities that could help you achieve your goals (i.e. scholarships, freelance work, professional networks, clubs/organizations, volunteering, workshops).
- 4) **Threats** – Identify who or what is getting in your way (i.e. yourself fear, worry, doubt, your friendship circle)
